

2025 SABP Fest Update

Dear Friends and Loyal Supporters,

First and foremost, thank you for your incredible support over the years. Your passion and dedication have made our events truly special, and we are beyond grateful to have you as part of our ever-growing family. Because of you, we have become pioneers in bringing South African events to the USA, proudly hosting the largest South African Fest and Sokkie in North America. Others have followed in our footsteps, trying to achieve the successes we have, but it is your continued support that has made us the leaders in bringing these incredible experiences to life. For that, I extend my deepest gratitude.

Now, for some unfortunate news—due to visa complications, Kurt Darren will not be able to perform at our upcoming events in the U.S. Rest assured, we are actively working with legal experts to resolve this issue, and we remain optimistic about welcoming him next year.

But here's the exciting part! We have partnered with an international group to bring you even more incredible events, featuring top South African musicians—starting this year!

If you decide not to attend, we will honor your tickets for next year or if you have any questions, please don't hesitate to reach out at info@sabraaifest.com.

Thank you for your understanding and continued support—we can't wait to see you at the Fest and celebrate with you soon!
